Patrimonio Nacional

The kitchen is an essential part of any court, not only because it feeds the royal family and their servants but because of its symbolic significance: the king's table is a reflection of his power, magnificence and good taste

Schönbrunn Palace

Over 40 metres long and almost 10 metres wide, the Great Gallery provided the ideal setting for court functions. From the mid-eighteenth century onwards, it was used for balls, receptions and as a banqueting hall.
